Ukraine: Statement by the High Representative Josep Borrell on the latest Russian atrocities

🕒 29.07.2022 👤 EEAS Press Team

Russia's ongoing illegitimate and unjustified war of aggression against Ukraine and its people brings further horrific atrocities day by day.

Today in Olenivka, in eastern Ukraine, Russia is reported to have killed dozens of Ukrainian prisoners of war, including defenders of Mariupol's Azovstal steel plant, who surrendered to Russia, were registered by the ICRC in May and were in Russia's legal protection under international humanitarian law. Evidence in form of appalling video footage has been widely shared on pro-Kremlin social networks today, in which Russian soldiers commit a heinous atrocity against a Ukrainian prisoner of war.

The European Union condemns in the strongest possible terms the atrocities committed by the Russian armed forces and their proxies. These inhumane, barbaric acts represent severe breaches of the Geneva conventions and their Additional Protocol and amount to war crimes.

The perpetrators of war crimes and other serious violations, as well as the responsible government officials and military representatives, will be held accountable. The European Union actively supports all measures to ensure accountability for human rights violations and violations of international humanitarian law committed during the Russian aggression in Ukraine.

And some of them tell us: “Look, you live so well because, you know, have you heard about colonialism? Have you heard about imperialism? Have you heard about slavery?” This is part of our history also. So, we have a duty to the rest of the world, and we have to engage with the rest of the world. We will not be able to build walls along our borders high enough in order to defend ourselves from the rest of the world. We will not be the garden in the middle of the jungle. We will not be the fancy garden in the middle of the jungle, and the jungle is growing.

European Peace Facility: EU support to Ukraine increased to €2.5 billion

The Council adopted today two **assistance measures under the European Peace Facility** (EPF) aimed to step up the EU's **support** for the capabilities and resilience of the **Ukrainian Armed Forces** to defend the territorial integrity and sovereignty of the country, and protect the civilian population against the ongoing Russian military aggression.

Thanks to the 5th tranche worth **€500 million** mobilised today, the EU contribution under the EPF for Ukraine will now total **€2.5 billion**.

The EU remains focused & steadfast in its support for Ukraine in its fight for freedom and independence. Ukraine needs more arms; we will provide them. In this context, EU Member States agreed to mobilise a 5th tranche of military assistance of €500 million, making this a total of €2.5 billion of military equipment to the Ukrainian Armed Forces.

— Josep Borrell, High Representative for Foreign Affairs and Security Policy

In line with the **current priorities** expressed by the Ukrainian government, and the support provided so far, the assistance measures consist of **€490 million for military equipment** designed to deliver lethal force for defensive purposes, and **€10 million** intended to cover the provision of equipment and supplies, such as personal protective equipment, first aid kits, and fuel.
